DETAILED ACTION

Interference

1. Interference No. 105,011 has been terminated by a decision adverse to applicant. *Ex parte* prosecution is resumed.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 2, 4, 5, 7, 11, 12 and 14 stand rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 3,308,163 to McKellin. For a detail explanation of this rejection see Paper No. 40 (Decision on Preliminary Motion). pages 14-19.

Claim Rejections - 35 USC § 103

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claims 3, 6, 8-10, 13 and 15-17 stand rejected under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent No. 3,308,163 to McKellin. For a detail explanation of this rejection see Paper No. 40 (Decision on Preliminary Motion). pages 21-25.
